Collectively representing our generous donors, emeritus faculty, alumni, and moral supporters, the Friends of History ensures that the Department of History was able to offer more than \$25,000 in competitive scholarships and awards in 2023-2024. The Scholarship Committee, Drs. Bridget Ford, Michael Schulze-Oechtering, and Jessica Weiss are excited to report that we had more applications for our scholarships than in any previous year. We awarded fourteen major scholarships this year, including two new ones. The Committee also granted three Morby Awards for outstanding performance in world history courses; two Gilliard Awards for exceptional work in advanced historiographical analysis; three Rice Awards for outstanding work in our applied history courses; and another three Rice Awards for outstanding research at both the undergraduate and graduate levels. We are very honored to publicly announce these awards at our conference this year, in order to recognize the exceptional work of our students and the remarkable support they receive from the Friends of History.

Dr. Bridget Ford and Dr. Michael Schulze-Oechtering
